

Kansas Compassionate Care Coalition Letters Sent through website to Coalition

FNAME: Steve

LNAME: Seckman

OCCUP: Retired

CITY: Augusta

COMMENTS: My wife has MS and has been diagnosed since 1991. She is now confined to a recliner and wheelchair. Her Spasms have gotten much worse in the last month or so and needless to say we have talked about Marijuana as a drug of choice. The Baclofin she takes for spasms has to be at such high levels that it makes her unable to do much of anything she like to do such as knit.

I do understand the dilemma and think it is ridiculous for people who don't understand about the possibilities of using medical marijuana.

Let them walk a mile in our shoes and then say no.

FNAME: Joseph W.

LNAME: Grant

OCCUP: Retired

CITY: Lawrence

COMMENTS: I am a Korean War veteran. I know of many veterans of the Vietnam War and Iraq that are being treated medically with the help of marijuana. It is not right that people in Kansas, including veterans, cannot be treated.

Medical science has made it perfectly clear that theree are many medical benefits to be derived from marijuana.

Make Medical Marijuana legal in Kansas.

Joseph W. Grant

FNAME: Matthew

LNAME: Brown

OCCUP: Disabled

CITY: Wichita

COMMENTS: I have AIDS and glaucoma. I currently use Marinol to control nausea and maintain appetite. I have heard that marijuana can also be remedial in the treatment of glaucoma.

First, about myself. I am a committed Christian and a seminary graduate, so many would surmise that I would be rabidly against any use of marijuana. Most are surprised to find out that I support legislation to provide for medical use of marijuana, and believe that our laws against the use of marijuana are antiquated and harmful.

Currently, Medicare/Medicaid pays for my Marinol at an exorbitant cost to the taxpayer, when, in fact, I could grow a single plant in my backyard which would be more effective and certainly less of a cost to the state. I do not do this because it is illegal, and I respect the laws of the land--even those with which I disagree.

I am only one of many, including cancer patients, AIDS patients, and those suffering from MS, who could benefit by laws allowing for the medical use of marijuana. I cannot understand why those who have a valid need for marijuana must be shackled by laws which have not succeeded in preventing marijuana usage (scofflaws can still buy marijuana with relative ease on the black market), when we have more social problems caused by those who drink to excess (legal) or destroy their health by smoking cigarettes (legal).

I am willing and ready to speak out on this issue.

FNAME: Deborah

LNAME: Winegarner

OCCUP: Health/Fitness

TITLE: Retention Manager

CITY: Wichita

COMMENTS: I was born with orthopedic deformities and survived a cerebral aneurysm in my mid 20's. I have always known, and continue to live in, pain. However, I consider myself a medical miracle and very blessed. Some of the resulting symptoms I experience such as extreme nausea, dizziness, migraines, and glaucoma would be far better served with prescription marijuana than the variety of prescription drugs made available to me that I choose not to take because of adverse side affects. It is my desire to live in a world where compassion and reason determine my medicinal options...if not mine, then my children's and their children's ~

FNAME: Marek

LNAME: Gregson

OCCUP: Warehouse

TITLE: Assistant Manager

CITY: Wichita

COMMENTS: I have Crohn's Disease, and I strongly and sincerely believe in the medicinal qualities of marijuana. I have many friends and family that support medicinal marijuana, can you please send me more pamphlets.

Thank you for changing the way the world has been trained to think.

FNAME: kelly

LNAME: carter

OCCUP: mammographer/radiographer

CITY: derby

COMMENTS: I am an employee in the medical field and see the need for this. I also suffer from debilitating illnesses that cause me much pain with NO cure or relief...yet I am still gainfully employed and do not use the system for support. I am in search of pain relief myself.

Thanks for all you do

FNAME: David

LNAME: Nuss II

OCCUP: Civil Engineer

CITY: Manhattan

COMMENTS: I have a uncle with HIV/AIDS. Some of his only comfort and relief comes from Marijuana. I feel that we as society look at Medical Marijuana from the wrong perspective. All involved in the KSCCC hold a special place near and dear to my heart. Thanks

FNAME: Anne

LNAME: Bauman

OCCUP: retired

CITY: prairie village

COMMENTS: As compassionate, humane, and concerned human beings, my husband and I wholly support the medical use of marijuana. Godspeed, Robert Stephan.

FNAME: Cass

LNAME: Bruton

TITLE: Former university communications officer (17 years)

CITY: Bogue

COMMENTS: A close relative of mine, a fine, talented person who has had Chron's disease for more than 25 years and who recently had major surgery for that disease, could use your help. Please work hard to legalize medicinal marijuana. I offer myself an advocate for my relative and all others who need medicinal marijuana.

The fact is that reasonable, compassionate people care, and their loved ones are suffering. Please count me in and let me know what I can do to help.

FNAME: Aaron

LNAME: Dennett

OCCUP: Groundskeeper

CITY: McPherson

COMMENTS: I believe what you promote is the best possible remedy for sufferers of M.S.

FNAME: Kathleen

LNAME: Johnson

OCCUP: teacher

COMMENTS: It is unbelievable, in this day and age, that you can legally drink yourself to death but not make your own decision whether or not to consume marijuana for health/comfort reasons. Something is wrong here!!!

FNAME: Angela

OCCUP: Housewife

CITY: Wichita

COMMENTS: This stuff has helped my husband. He is bi polar and when he has it, he is more stable. It should be available.

FNAME: Tim

OCCUP: disabled

CITY: Perry

COMMENTS: I was hit by a drunk driver. Since my disability I have been prescribed medications with side effects I don't like and use of marijuana has been better for me without the horrible side effects.

FNAME: Amanda

LNAME: Guiles

OCCUP: Hotel Night Auditor

CITY: Wichita

COMMENTS: I would love to help this cause in anyway that I can. The legalization of medical marijuana has a personal impact on my life. I've suffered from chronic pain for over eight years now and take 5 different pain pills a day totaling over 30 pills a day.

I also lost my stepfather to pancreatic cancer and am outraged that medical marijuana wasn't an option to relieve his suffering.

Thank you for all that you are doing.

FNAME: Carolyn

LNAME: Howe

OCCUP: Retired

CITY: Wichita

COMMENTS: The Docs at the Cancer Center have been "suggesting" this to their patients for several years!!!!!!!
